Dana Al Mounayer

COMPUTER SCIENCE

+966 53 852 2277 dana.mounayer@gmail.com Jeddah, Saudi Arabia

PROFESSIONAL SUMMARY

As a third-year Computer Science student, I am passionate about building scalable systems and solving complex problems. I bring hands-on experience in web development and database management, and I'm eager to apply my skills to real-world challenges through collaborative, impactful projects.

EDUCATION

Computer Science| 2023-2027
Effat *University, Jeddah City*

- GPA: 3.84/4.0
- Dean's List, 2024-2025
- Dean's List, 2025-2026

TECHNICAL SKILLS

Programming Languages: C++ , Python, Assembly language, Java, JavaScript, PHP
Web Development: HTML, CSS, Bootsrap
Database: SQL
Tools: Cisco Tracer Packet, Git, VS Code

UNIVERSITY PROJECTS

University Network Design and Simulation
Network Infrastructure Project

- Designed and simulated a campus-level network topology using CiscoPacketTracer
- Included routers, switches, end devices, and subnetting to create department-based segmentation.
- Set up servers to facilitate communication between LANs, creating a functional WAN for the campus network.

On The Go - Drive-Thru Website
End-to-End Website Development

- Designed and conceptualized the "On The Go" website focused on providing a user-friendly drive-thru guide for Jeddah.
- Implemented interactive features and dynamic content updates using JavaScript.
- Integrated database operations to store and manage user reviews and ratings efficiently

Interactive Banking System Application
Java-Based Banking Application with GUI

- Designed and developed a GUI-based banking system simulating account creation, transactions, balance checks, and fund transfers.
- Used Java and OOP principles for clean, maintainable code.
- Integrated robust validation checks for secure transaction processing and error handling to ensure system reliability and security.

LANGUAGES

- Arabic - Native or Bilingual Proficiency
- English - Full Professional Proficiency
- German - Elementary Proficiency
